Matrimonial Kick off 2014:

Today's fast and virtual world, when we hear someone's son or daughter getting married, 1st question comes in everyone's mind. How did they meet? Is the person from Six Gam? Then we find out they met online, via shaadi.com or other matrimonial websites. The person is indian but not Six Gam. There are very rare cases that our youngsters find Six Gam person on other matrimonial sites. Then person like my grandmother will say what are you doing? "kem chh gam ma koi chokra nathi".

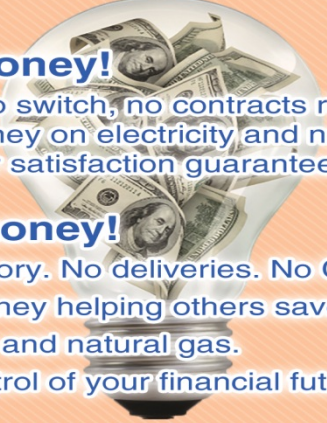

As parents we raise number of youngsters wishing that their child would also want to marry within our community, for more than one reason. Same type of family feelings, warmth and understanding of high values of life and sharing with a partner who had grown up within same meaning and values of life that their Mom and Dad has given them. Then reality strikes and most parents struggle to find out how can I help my child to find a suitable mate from Six Gam.

Six Gam Patidar Samaj of Chicago, is pleased to announce our MATRIMONIAL connection program. Please visit our website www.sixgam.com and download the form. This program will help our Six Gam youth to get information from a private database and they would be able to contact the person on their own. Let's get started following few easy steps. First step is to have your details and fill out the form. Second step is to email the form to us.

Once we receive the form we will create a private database and this data will be distributed to Six Gam members only. Please email linapatel@comcast.net for more information.
